Subject Index

Abstracts; A1 Division of Paediatrics, The Royal Australasian College of Paediatrics, Abstracts presented at the Annual Scientific Meeting, May 2000

abdominal trauma; blunt abdominal trauma in children (Review Article) 2
abdominal pain; prevalence and pattern of childhood 349
abuse; in adoptive, permanent care and foster care (Annotation) 415
accidental asphyxia in bed; in severely disabled children 66
acid base determination; an accurate predictor of pyloric stenosis? 587
acute bronchiolitis; implementation of evidence-based management 491
acute myeloid leukaemia; overrepresentation of aboriginal children (Letter) 290
adolescents; factors associated with recurrent hospitalization in chronically ill children and 13
adoption; permanent care and foster care in and beyond the 1990s (Annotation) 415
adsorption; insulin infusions, delivery variation due to 216
alcohol; ethnic differences in use by Vietnamese-, Arabic- and English-speaking youths 145
alcohol and marijuana use 145
allergic rhinitis; and prevalence of childhood asthma and eczema 128
allergy; and anaphylaxis in 4173 South Australian children 36
anaphylaxis; and allergy 36
apnoea; methylxanthines and sensorineural outcome at 14 years in children < 1501 g birthweight 47
arterial cannula; and effect of draw-up volume on the accuracy of electrolyte measurements from neonatal arterial lines 122
ascites; in a premature baby due to parenteral nutrition from an umbilical venous catheter (Letter) 197
ascorbic acid; and a painful limp (Case Report) 277
asphyxia; accidental asphyxia in bed in severely disabled children 66
asthma
  and internal jugular phlebectasia (Case Report) 517
  exacerbations, a quality assurance review of outpatient care of children with life-threatening 23
  management in indigenous children 249
  parental awareness of side effects associated with inhaled coricosteroids (Letter) 522
asthmatic children; unilateral right-sided internal jugular phlebectasia in (Case Report) 517
ataxia; with isolated vitamin E deficiency (Case Report) 515
athetoid quadriplegia; and literacy 389
attention deficit hyperactive disorder
  pilot study of objective measures in children with 134
  treatment with stimulant medication of 457
  teachers perspective on (Letter) 96
autism; intellectual disability in Western Australia 213
autonomic dysfunction; after severe traumatic brain injury (Case Report) 283
autopsy; errors in the certification of neonatal death 498

back pain
  discitis (Instructive Case) 275
  persistent or severe and stiffness, ominous symptoms requiring prompt attention 208
bed sharing
  patterns in Australian infants first 6 months after birth 117
  and sudden infant death syndrome in South Australia between 1968–97 552
bed wetters: not just wet blankets (Letter) 611
bed wetting alarms; and nocturnal enuresis (Personal Practice) 78
benign intracranial hypertension; tetracycline-induced (Case Report) 82
bile acids; elevated plasma concentrations (Case Report) 91
bilirubin toxicity; difference in susceptibilities of different cell lines to bilirubin damage 51
biochemical infection markers for diagnosis; central nervous system candidiasis in preterm infants: limited value of (Case Report) 509
birth defects; ascertainment of 574
blind children; early motor development of 226
blood glucose; assessment of neonatal levels 343
blood pressure; in preschool Australians, obtained by oscillometry 41
blood specimen collection; and effect of draw-up volume on accuracy 122
body mass index
  and breastfeeding 482
  as used in reference ranges for blood pressure in preschool Australians 41
book reviews 97-99, 199–203, 292, 413
botulism; in an 11-week-old infant (Instuctive Case) 596
breastfeeding
  and maternal obesity 482
  failure in a longitudinal post-partum maternal nutrition study in Hong Kong 466
  human milk banks and evidence-based medicine (Neonatology for the Generalist) 182
  rates of, in Australia 164
breath hydrogen analysis
  for carbohydrate malabsorption 340
  validation of a pocket-sized breath test analyser 340
bromocriptine; for the management of autonomic dysfunction (Case Report) 283
bronchodilators; and acute bronchiolitis 491
bronchopulmonary dysplasia; and cerebral palsy (Annotation) 293
Bruton's tyrosine kinase gene 453

carbohydrate malabsorption; breath hydrogen analysis for 340
cardiopulmonary resuscitation; of infants ≤ 750 g at birth, favourable neurological outcomes following 19
cell culture; and bilirubin damage 51
central nervous system candidiasis
  in preterm infants (Case Report) 509
  limited value of biochemical markers for diagnosis 509

cerebral palsy
postnatal corticosteroids and sensorineural outcome 256
postnatal corticosteroids in preterm infants (Review Article) 101
evidence of a common causal relationship with bronchopulmonary dysplasia and (Annotation) 293
in very low birthweight infants:1980s versus 1990s 7
magnetic resonance imaging findings in 139
methylxanthines and sensorineural outcome at 14 years in children < 1501 g birthweight 47
cerebroventricular haemorrhage; survival, cranial ultrasound and cerebral palsy in very low birthweight infants 7
chest tube drainage; in the treatment of pleural empyema 375
chickenpox
and congenital varicella syndrome (Case Report) 184
neonatal (Instructive Case) 76
child abuse
in vulnerable families 555
non-accidental fractures in infants 590
rib fractures 322
child death; review of deaths on general paediatric wards 252
child developmental disorders; disclosure of developmental disability: A study of paediatricians' practices 27
disclosure of developmental disability: A study of parent satisfaction and the determinants of satisfaction 32
child health; parental attitutes to health of children in child-care centres and options when children are ill 577
child health services; eclecticism in for developmental disorders (Personal Viewpoint) 205
child injury mortality
in New Zealand 1986–95 431
intentional injury and unintentional injury 431
child physical abuse; rib fractures in infants 322
child-care centres; parental attitutes to health of children in 577
childhood abdominal pain; prevalence and pattern in an Australian general practice 349
childhood asthma; allergic rhinitis and eczema in Urumqi and Beijing 128
childhood deaths; from fire 176
childhood immune thrombocytopenic purpura; associated with Epstein–Barr virus 445
chronic disorder; health-care model for children with complex developmental disorders 563
chronic illness; in children and adolescents and factors associated with recurrent hospitalization 13
chronic lung disease; *Ureaplasma urealyticum* and its association in Asian neonates 487
chronic underlying disease; and influenza virus infection in children 318
circumcision; methaemoglobinaemia secondary to topical lignocaine/prilocaine in a circumcised neonate 406
cisapride; treatment for gastro-oesophageal reflux in children (Review Article) 524
clinical markers; of serious illness in young infants: A multicentre follow-up study 221
Clostridium botulinum
type B and infant botulism (Case Report) 193
in an 11-week-old infant (Instructive Case) 596
computed tomography scan; and small bowel injuries in children 265
computerized axial tomography; in management of blunt abdominal trauma in children (Review Article) 2
confidence intervals; and standard errors (Statistics for Clinicians) 502
congenital varicella; and neonatal in Australia 108
congenital varicella syndrome
diagnosed by polymerase chain reaction-scarring of the spinal cord, not the skin (Case Report) 186
in the absence of cutaneous lesions (Case Report) 184
constipation; dietary fibre intake and, in children with severe developmental disabilities 236
coricosteroids
and acute bronchiolitis 491
management of tuberculosis in children (Position Paper) 530
postnatal and sensorineural outcome 256
cranial ultrasound; and outcome predictors in perinatal asphyxia 363
creatine kinase; and occult muscle disease (Case Report) 189

death certification; errors in the certification of neonatal death 498
desmopressin; and nocturnal enuresis (Personal Practice) 78
developmental disorders
chronic disorder health-care model for children with complex 563
eclecticism in health services for 205
dexamphetamine; and attention deficit hyperactivity disorder 457
diabetic mothers; neonatal hypoglycaemia in infants of 354
dietary fibre; intake and constipation in children with severe development disabilities 236
diffuse neonatal haemangiomatosis (Case Report) 286
disabilities; and accidental asphyxia in bed 66
disability; and postnatal corticosteroids in preterm infants (Review Article) 101
diverticulum; rectal duplication with heterotopic gastric mucosa in a child (Case Report) 191
Down syndrome; intellectual disability in Western Australia 213
drug delivery systems; variation due to adsorption 216
dystrophin; and occult muscle disease (Case Report) 189

echocardiogram; in neonatal intensive care units in Australia and New Zealand 169
ectopic gastric mucosa; diverticular rectal duplication with (Case Report) 191
embryopathy; and congenital varicella syndrome (Case Report) 184
encephalocraniocutaneous lipomatosis
a rare neurocutaneous syndrome (Case Report) 603
Fishman syndrome (Case Report) 603
enteral feeding volumes; in infants born before 30 weeks gestation 581
enteral feeds; and gastroschisis 472
epilepsy; and associated psychopathology in young people with intellectual disability 172

Epstein–Barr virus; associated with immune thrombocytopenic purpura in childhood 445
ethics; hydration in a dying patient (Ethics Forum) 395
evidenced-based medicine; implementation in acute bronchiolitis 491
exogenous; rhabdomyolysis 397
exomphalos and gastroschisis; neonatal outcome 428
extreme prematurity; and favourable neurological outcomes following delivery room cardiopulmonary resuscitation 19
extremely low birthweight; and favourable neurological outcomes following delivery room cardipulmonary resuscitation 19
extremely preterm infant; clinicians attitudes to resuscitation of 357

fetal alcohol syndrome; ascertainment of birth defects: effect on completeness of adding a new source of data 574
fetal renal pelvic dilation; and vesicoureteric reflux 569
fires; deaths in children 176
Fishman syndrome; encephalocraniocutaneous lipomatosis (Case Report) 603
formula milk supplement; and human milk supplement for preterm infants in Australia 593
foster care; adoption and foster care in and beyond the 1990s (Annotation) 415
fractures; non-accidental and their risk of further abuse 590

galactosaemia; high incidence of among the Irish travelling community (Letter) 96
gastric aspiration; and sleeping position 403
gastro-oesophageal reflux disease
and persistent crying in infancy (Editorial Comment) 297
cisapride treatment of (Review Article) 524
management of irritability in babies 301
gastroschisis and exomphalos
neonatal outcome 428
early enternal feeds may improve outcome 472
general practice; prevalence and pattern of childhood abdominal pain in an Australian 349
general practitioner; contact with maternal and child health nurses in postnatal care 159
genetics; and Rett syndrome 336
gestational diabetes; neonatal hypoglycasemia in infants of diabeteic mothers 354
glucose meters; for first line assessment of neonatal blood glucose levels 343
gonads; true hermaphroditism 69
growth; of Hong Kong children aged 0–7 years 56

haemolytic uraemic syndrome; and plasminogen activator inhibitor type-1 and interleukin-6 327
Haemophilus influenzae type b; invasive infections in Singapore children 125
Hansenula anomala; infection in a neonate (Case Report) 609
hearing loss; in children after meningococcal meningitis 240
heart rate variability in the newborn 462
hepatic glycogenosis; in poorly controlled type 1 diabetes 449
hepatitis B vaccination at birth; how safe is it? (Letter) 611
hepatitis C virus; infection in children in Melbourne 385
HIV-1; mother to child transmission in Zimbabwe 313

home oxygen therapy
and preterm infants 440
quality of life of mothers and families caring for preterm infants requiring 440
home visiting; for vulnerable infants in Australia (Editorial Comment) 537
homeless youth; tuberculosis infection among in Sydney 382
human milk
banks; and evidence-based medicine (Neonatology for the Generalist) 182
supplement; and formula milk supplement for preterm infants in Australia 593
hydration; in a dying patient (Ethics Forum) 395
hydrops fetalis; pre-excitation syndrome secondar to cardiac ryabdomyomas in tuberous sclerosis (Case Report) 84
hypertension; and blood pressure in preschool Australians 41
hypoglycaemia
first-line assessment of neonatal blood glucose levels 343
neonatal in infants of diabetic mothers 354
hypothermia; following antenatal exposure to haloperidol (Letter) 412
hypoxic hypercapnia; cardiac responses in newborn babies 462

imipramine and nocturnal enuresis (Personal Practice) 78
immune thrombocytopenic purpura; Epstein–Barr virus associated with 445
immunization; serological survey of measles and rubella immunity in Sydney preschool children 418
inborn error of metabolism; tyrosinaemia type 1 (Case Report) 91
indigenous health; model for asthma management in indigenous children 249
infancy; persistent crying in (Editorial Comment) 297
infants
botulism; observations of a rare neuroparalytic disease (Case Report) 193
feeding; risk of mother to child transmission of HIV-1 313
infant–newborn; echocardiography 169
infantile-onset megalencephalic leucoencephalopathy; in two siblings (Case Report) 598
non-accidental fractures and risk of further abuse 590
rib fractures 322
infant–newborn; effects on and health resource consumption of the drug epidemic 262
influenza; nosocomial infection 318
influenza virus infection
and intensive care 318
in children with chronic underlying disease 318
comparison of influenza A and B virus infection in hospitalized children 332
inhaled coricosteroids; parental awareness of side effects associated with (Letter) 522
insulin; infusions in the neonatal unit 216
intellectual disability; in Western Australia 213
intensive care; of children with life-threatening asthma exacerbations 23
intentional injury; child injury mortality in New Zealand 1986–95 431
interleukin-6; and plasminogen activator inhibitor type-1 in haemolytic uraemic syndrome 327
International Study of Asthma and Allergies in Childhood (ISAAC); data of childhood asthma, allergic rhinitis and eczema collected from Beijing and Urumqui 128

intravesical haemorrhage; manifestation of vitamin K deficiency (Letter) 290
intussusception; presenting as profound lethargy (Instructive Case) 392
irritability in babies
  colic 301
  gastro-oesophageal reflux disease 301
  management of 301

karyotyping; true hermaphroditism 69
Kawasaki disease (Instructive Case) 506
Kingella kingae; infections in children (Case Report) 87

lethargy; and intussusception (Instructive Case) 392
lignocaine; and methaemoglobinaemia in a circumcised neonate 406
literacy; and athetoid quadriplegia 389

magnetic resonance imaging brain scan; findings in cerebral palsy 139
marijuana and alcohol use; ethnic differences in use by Vietnamese-, Arabic- and English-speaking youths 145
maternal
  and child health nurse; contact with general practitioners in postnatal care 159
  obesity; affect on breastfeeding initiation and duration 482
  transplant; children of renal transplant recipient mothers 230
    maternal–infant attachment; maternal mood and child health in a vulnerable population 555
measles
  and rubella immunity in Sydney preschool children 418
  infectious mononucleosis-like illness in an infant with (Letter) 520
medicalizing normality; management of irritability in babies 301
meningococcal meningitis; hearing loss in children after 240
